To whom it may concern,

Mr. Otero, the President of Cloveer, Inc. had successfully helped me getting certified for United States Small Business Administration 8(a) program. Mr. Rick and Cloveer, Inc. had done an extremely smooth, neat and organized work on my application. Experience and knowledge really counts!

Mr. Otero and Cloveer, Inc. had collected information from me in a very short period of time and in a very structured way. Once my application was submitted, it was quickly deemed complete. During the entire 90-day processing time, I was only asked once for additional information and Mr. Otero responded quickly and thoroughly.
